Sitaf Hotellerie

When it comes to equipment and solutions for the hospitality sector, Sitaf Hotellerie stands out as a trusted partner, providing support to hotels, resorts, restaurants and catering businesses.

Our goal is simple: to offer a comprehensive range of high-quality products designed to meet the unique needs of each client.

As the “sister company” of Sitaf Food, an established leader in the food industry, Sitaf Hotellerie builds upon a strong tradition of excellence, innovation, and customer focus.

This solid foundation allows us to bring the same values that made Sitaf Food a benchmark to the hotel and hospitality equipment sector.

Driven by a clear and ambitious vision, we aim to become the preferred partner for the hospitality industry. Our commitment is to help our clients create unforgettable guest experiences through solutions that combine quality, reliability, and innovation.

As you browse through this catalog, you’ll discover a wide selection of products designed to enhance every aspect of hospitality operations—from professional kitchens to room furnishings, from dining accessories to custom-tailored solutions. Every offering is crafted to meet your operational needs, uphold the highest standards, and support you at every step of your journey.

With our expertise, dedicated support, and strategic partnerships with top brands in the sector, Sitaf Hotellerie is committed to providing everything you need to turn your ideas into reality and ensure excellence in every service you deliver.

Welcome to a partnership where quality always takes center stage.

ABYSSO

The Abyso line, from the Landhaus company, is a collection of refined and versatile plates for prestigious restaurants and includes: a multipurpose soup plate, a flat plate with a modern and minimal style with a high edge and a large presentation plate. The decorations are handmade and in relief, with shades of blue on a black background, giving them an extraordinary elegance. Abyso is the perfect choice for high-end culinary presentations.

The Hakai line, produced by Landhaus, is elegant and refined, combining dark colors with bright and satin finishes, a mix of shades between petroleum green and brown. Each shape, truly original, is decorated by hand.

Hakai presents a very versatile soup plate, a large flat plate for important presentations and a plate with a high edge for contemporary elegance.

With its combination of reactive colors and subtle shades, Hakai evokes an atmosphere of mystery and sophistication. Each plate is hand-crafted with attention to detail. Dishwasher safe porcelain.

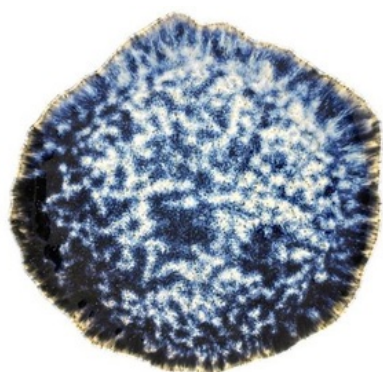

FARAGLIONI DI CAPRI

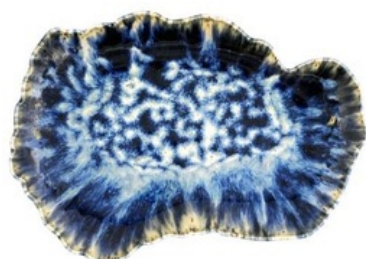

The "Faraglioni di Capri" collection, created by Landhaus, is made up of four shapes, carefully selected. Each plate is a unique masterpiece, hand-decorated in shades of deep blue and with jagged and shaded edges that evoke the island's iconic stacks. The right setting to enhance your dishes!

Landhaus has also reworked another classical dish element: the narrow brim. The collection is stylish, white in color, just right in thickness and weight, and the high-quality porcelain gives a pleasant feeling to the touch. The result of all these characteristics makes this plate look more precious than it actually is.

This time Landhaus reworked the classical half-narrow brim, which is already popular on the market, but with higher quality, glossy white porcelain and a nice thickness.

This collection's oval plates are perfect for second courses such as meat and vegetables. Made from porcelain clay fired at 1400°C.

*Only two dishes.
But only two.
Two plates for a young
restaurant and à la page. A
deep large plate for pasta
and salad.
One flat plate, but only one,
for all the rest. Break the
mould! Be smart.*

SPOT

LE BARCHETTE

Have you ever thought about a simple but expressive shape in which to serve delicious courses of seafood? A nice blue boat, resembling the feeling of tasting tasty courses while sitting by the sea, listening to the waves' sweet melody. This high-temperature glazed clay boat does not contain any toxic substances and it's dishwasher safe. The best serving dish restaurateurs hope to provide for their setting! There are 4 sizes to choose from, to give your culinary creations the right nautical style!

CHARDONNAY STEM
Cl. 35 - ø 8,1 x 22h cm 06013793

The stem glasses are produced in machine blown SON.hyx crystal glass and with a new process making them lighter and thinner but steel resistant. The bowl shapes have unique sensorial perceptions: emphasizing the wine's aromas during their development in the bowl while lessening the alcoholic element, and enhancing aromas and flavours.

SAGITTA

Sagitta line features an ultra bright and transparent glass to appreciate the intensity of the color, the original wine shades and enhance the professionalist's creations. Thanks to its extra-resistant treatment that lasts the entire product life, we will feel more free while washing, twisting and using it everyday. Last but not least, the elegance of the line is guaranteed by the stretched stem without sacrificing its resistance.

Suprema

Here's Casolaro's new stainless steel cookware collection: Suprema. The pan's body has a steady rim, for an easy pouring. The tubular handles are ergonomic and heat resistant. Both side and bottom have the same thickness: concave when its cold and plain when it's hot. This guarantees an optimal heat conduction thanks to the thermoradiant bottom which makes the Suprema collection perfect for every kind of cooking.

ALUMINIUM COOKWARE

Casolaro's aluminium cookware has been very appreciated by many chefs for over 50 years. Made with pure 99.5% aluminium. Suitable for food contact. The stainless steel handles are firmly applied with rivets. The right ratio between weight and thickness makes this collection perfect for low or high temperature cooking.

All sizes are multiples and submultiples of each other, so they can be combined as needed.

Both the polycarbonate and the stainless steel collections perform perfectly in food's transportation, presentation and storage.

05160325

ACCESSORIES NOT INCLUDED

A line of accessories dedicated to Gluten Free Food Preparation, to work safely and easily identify the correct tools for gluten-free preparations. Even the logo on the rack, at first sight reassures the celiac or intolerant customer. The holes in the pizza shovel allow the discharge of excess flour. The oval tubular handle is anatomically pleasing and at the same time resistant to stress. The sliding handle of the small shovel resists high temperatures while remaining athermic.

Baking trays, screens, screen-holders, grippers.

Screens are useful tools to cook or warm a pizza, avoiding direct contact with the radiant oven surface.

A specific gripper is needed to move this support.

This ingredient box is designed in order to better store foods while maintaining maximum hygiene and raw materials control. It is perfect to store dry foods such as nuts and rice since they have got very low humidity and don't need to be a specific hermetic sealing. All you have to do is to store them in a dry, well-ventilated place away from heat sources.

INGREDIENT BINS

Dim. cm. 38x72x76h - 80 Lt

How to identify the right rack

1

Measure the maximum diameter of the glass to determine the compartments.

$4 \times 4 = 16$	compartments from 89 to 113 mm
$5 \times 5 = 25$	compartments from 74 to 88 mm
$6 \times 6 = 36$	compartments from 64 to 73 mm
$7 \times 7 = 49$	compartments from 0 to 63 mm

2

Measure the height of the glass to identify the type of Kit.

Kit 2 dia 65 to 120 mm
Kit 3 dia 120 to 240 mm
